PART IV.

"WATER CLAUSES CONSOLIDATION ACT,
1897."

WHEREAS the West Kootenay Power & Light Company, Limited, has applied, under the provisions of the "Water Clauses Consolidation Act, 1897," for a certificate in pursuance of the provisions of Section 85, to enable the Company to proceed with its proposed undertaking of the construction of a hydro-electric power plant on the north side of the Kootenay River, at or near the Upper Bonnington Falls, for the purpose of developing a supply of power for power and light purposes;

And whereas the Company has filed with the Clerk of the Executive Council the documents required by Section 85 of the said Act, and plans showing the intended situation of the undertaking and works proposed by the Company:

This is to certify that the undertaking as submitted has been approved, and that the same is as follows:—

(1.) To construct the necessary works and buildings on a parcel of land known as Lot No. 1,396, West Kootenay District, as shewn by plans on file with the Clerk of the Executive Council, marked "A" and "B," respectively, for the development of power by the use of 162,000 miner's inches of water, which has been duly recorded, to be taken from the Kootenay River at a point about 1,000 feet above the Upper Bonnington Falls of the said River by means of a dam and canal, and to be returned immediately below the said Upper Falls.

The West Kootenay Power and Light Company, Limited, are hereby permitted to construct a dam commencing at a convenient point upon the site of their works now in the course of construction at the said Upper Bonnington Falls; thence up stream, following, as closely as conditions will permit, a rocky reef extending easterly from such Falls; thence to a suitable point at Lot No. 5,282, being the property of the City of Nelson; thence from a convenient point by a wooden dam, not exceeding in height the height of the wall to be erected by the City of Nelson from their proposed works on said Lot No. 5,282, to a junction with the wall proposed to be erected by the City of Nelson according to plans as now approved; all said works to be so constructed as to permit the free passage to the works of the City of Nelson of 51,000 inches of water now recorded by them.

The City of Nelson having appeared, and having been heard on the application for this certificate, and, by their Counsel having consented that the West Kootenay Power and Light Company, Limited, may use, free of cost to them, such portions of the lands of the City of Nelson as are reasonably necessary for the construction of the dam hereby authorized; and further permitting the West Kootenay Power and Light Company, Limited, to blast and remove such rocks and obstructions as may be found to interfere with the free current to such Falls and from the same, with power to take and use all such lands as may be found necessary or advantageous for the construction of such works.

(2.) It is proposed to construct a power plant capable of producing 20,000 horse-power, also a canal to be formed in the river bed to carry the water to the fore-bay, which will be cut out of the solid rock and will lead up to a concrete dam thrown across the channel, and for the purpose of increasing the available head of water to remove from the river channel below the Falls some small islands, which at present obstruct the channel.

(3.) These works will have a capacity of 20,000 horse-power in the initial construction, the machinery to be added as the conditions require.

(4.) Through the concrete dam five (5) twelve (12) foot steel supply pipes, each pipe being capable of furnishing water to develop 4,000 horse-power, will be placed.

(5.) It is proposed to instal three (3) units at present, the water wheels in connection therewith to consist of three vertical type turbine wheels enclosed in steel penstocks and discharging into tail-race.

(6.) The generators will consist of 3 3-phase, 60-cycle, revolving field generators, giving a voltage of 1,100 volts at terminals of machines.

(7.) This current to be passed through step-up transformers which will deliver current to the transmission line at 60,000 volts, and will be transmitted to any part of the District of West Kootenay within a radius of fifty miles from the City of Rossland, to supply power for mining, smelting, lighting and industrial purposes.

(8.) The current will be transmitted over a maximum distance of about 90 miles of No. 0 B. & S. gauge hard-drawn copper cable to sub-stations at different points, where the voltage will be transformed down to voltages required for local distribution.

(9.) And this is further to certify that the Company propose to proceed forthwith with the construction of the hydro-electric plant at an estimated cost of the whole undertaking of \$900,000, of which \$100,000 shall be subscribed before the Power Company commences the construction of its undertaking. The time within which the said works shall be in operation is fixed at one year from the date hereof.

(10.) And this is further to certify that the Company shall retain, have, hold and may exercise such rights, powers, privileges and priorities as they now hold (as well as under this certificate) as may be requisite for the proper carrying out and completion of the undertaking

aforesaid, and the certificate shall be considered as supplementary to, but not in derogation of, any such existing rights, powers, privileges or priorities. Nothing herein contained shall be taken or construed to interfere as between the different holders of records of water in the Kootenay River with their respective priorities.

Dated this 17th day of August, 1905.

DOMINION ORDERS IN COUNCIL.

Ref. 65,472A.)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 29th day of July, 1905.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
IN COUNCIL.

ON a Report dated 25th July, 1905, from the Minister of the Interior, stating that a large number of persons have taken possession of certain parcels or lots of land in the Townsite of Field in the Province of British Columbia, and improved the same, and that many of such persons have built dwelling-houses and stores or shops upon such lots or parcels of land, respectively, although they have no title thereto.

The Minister further states that applications are now constantly being received in the Department of the Interior from many of the persons referred to, for title to the lands they have so taken possession of, built upon and improved.

The Minister therefore submits that it is expedient to afford each of them and all others who may be in any way interested in any lands in the Townsite of Field, an opportunity of establishing his claim before a Commissioner to be appointed by the Governor in Council, and to be clothed with the powers of summoning witnesses and of requiring them to give evidence on oath and with the other powers which may be conferred upon him under the provisions of chapter 114 of the Revised Statutes of Canada.

The Minister therefore recommends that Thomas Gainsford Rothwell, of the City of Ottawa, in the Province of Ontario and Dominion of Canada, Law Clerk of the Department of the Interior, be appointed a Commissioner for the purpose aforesaid, to conduct an enquiry into each and every claim of the nature before mentioned to any lands in the said Townsite of Field and to submit all evidence taken by him at such enquiry with his report thereto to the Minister of the Interior, so that he, the Minister, may take or cause to be taken, such action as he may consider fair and equitable, in the interest not only of the several claimants, but also in the interests of the Crown, and in the public interest, to finally adjust and settle such claims; and that he, the said Thomas Gainsford Rothwell, be also authorised to inquire into, take and submit evidence and report thereon to the Minister, with regard to any other matter or thing connected with or in any way concerning the said Townsite of Field, which may appear to him, the said Thomas Gainsford Rothwell, the Minister should be informed of, so that the

same may be finally adjusted and settled in the manner before mentioned.

The Minister further recommends that there be conferred upon the said Thomas Gainsford Rothwell by his Commission all powers which the Governor in Council is authorised to confer by virtue of the provisions of chapter 114 of the Revised Statutes of Canada.

The Committee submit the same for approval.

JOHN. J. McGEE,
Clerk of the Privy Council.

(Ref. 55,469A.)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of July, 1905.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had under consideration a communication dated 19th January, 1905, from the Lieutenant-Governor of the Province of British Columbia, with respect to the reclamation of certain lands situated within what is known as the Sumas Dyking District.

The Minister of the Interior, to whom the matter was referred, states that having considered the scheme proposed for the dyking and reclamation of the lands in question and for their protection thereafter; and having also considered the petitions of those persons who are opposed to such enterprise, recommends as follows:—

(a.) That the proposed enterprise is in the public interest and is one which merits the grant of lands (enumerated in the schedule), which are at present of no marketable value and which, unless they are properly dyked and reclaimed, will remain of no value:

(b.) That the Minister of the Interior be authorised, as the representative of King Edward VII. in this matter, to enter into an agreement with James A. Lewis of Chicago, in the terms set forth in the draft agreement, or in such other terms as may be agreed upon between them, for the proper dyking, reclamation and protection of all lands situated in Townships Sixteen (16), Nineteen (19), Twenty (20), Twenty-two (22) and Twenty-three (23), in the District of New Westminster, in the Province of British Columbia, which are now liable to periodical overflow from the Fraser River at high water:

(c.) That upon the completion of such dyking works to the satisfaction of the Dyking Commissioners and to the satisfaction of the Minister of the Interior, as provided or set forth in the draft agreement, the Minister of the Interior may cause to be issued in favour of Mr. Lewis or of him and his associates or of the company mentioned or referred to in such draft agreement, Letters Patent under the Great Seal of Canada, for the Dominion Lands in the area to be so benefited, which said Dominion Lands are mentioned or set out in the Schedule:

(d.) LEGISLATIVE ASSEMBLY.

PRIVATE BILLS.

EXCERPT FROM RULES AND ORDERS RELATING TO PRIVATE BILLS.

RULE 59.

ALL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work ; the granting of a right of Ferry ; the incorporation of any particular trade or calling, or of any Joint Stock Company ; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows.—

In the BRITISH COLUMBIA GAZETTE, and in one news paper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, together with the notices published. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices

shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10 $\frac{3}{4}$ inches by 7 $\frac{1}{2}$ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901 (see Journals, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.
